The Jacquard Screen Inks are professional quality, water-based screen inks. There are 31 beautiful colors plus extender in the line and come in 4 oz. and 16 oz. sizes. The suggested list price for the 4 oz. size is \$6.49 and for the 16 oz. is \$16.99. Display racks are available for retailers.

Here are some of the unique features of Jacquard Screen Inks:

- Open time on the screen is greatly extended versus other waterbased products. This gives the user flexibility to have more time to work without the ink drying in the screen mesh.
- Use on vinyl, metal, leather, paper, wood, plastic, canvas, and more.
- Won't wrinkle paper when screening art prints.
- Clean up is easy with soap and water.
- Suited for commercial applications. When used on fabric, inks should be heat set for permanence and durability.
