NEW MEHNDI GLITTER KIT COMBINES OLD WORLD TECHNIQUE WITH MODERN SPARKLE

Jacquard Products Introduces the Mehndi Glitter Kit

Healdsburg, CA (May 2010) – Mehndi the exotic, non-permanent body art of the Far East, has become phenomenally popular in the West. This technique traditionally uses henna to create elaborate, temporary tattoos. Jacquard Products introduces a shimmering twist to this ancient craft with their new Mehndi Glitter Kit. Users can instantly create unique body art with three colors of glitter and enjoy their shimmering designs.

A special adhesive is drawn free form on skin using a fine applicator bottle or applied with a cotton swab through one of five reusable stencils (included with each kit). Dab on some glitter and enjoy sparkling, non-permanent body art that is not stiff or sticky. The cosmetic grade adhesive and glitter last for days, but can easily be removed with baby oil at any time. Each kit contains enough glitter and adhesive for multiple designs.

Mehndi Glitter Kits are ideal for kid's birthday parties (adult supervision recommended for children under 12 years of age), slumber parties, craft fairs, school fundraisers, bridal showers, festivals and holiday events.

Mehndi Glitter Kit

\$11.99 ■ Ages 12+

Kits includes 3 jars of glitter (silver, lavender and turquoise), adhesive in a fine applicator bottle, a special applicator tip, 5 self-adhesive stencils, cotton swabs, instructions and design ideas.

About Jacquard Products
