NEW TEE JUICE KITS PAIR HIGH PERFORMANCE FABRIC ART MARKERS WITH UNIQUE IRON-ON IMAGES

Jacquard Products Introduces Tee Juice Fabric Art Marker Kits

Healdsburg, CA (May 2010) – Professional artists, doodlers and children will have their creativity awakened by Jacquard Products' three new Tee Juice Fabric Art Marker Kits. Each theme-related kit (Tattoo, Aquatic or Floral) is filled with reusable, iron-on transfers and five high-quality Tee Juice Art Markers – all that is needed to create simple designs or intricate masterpieces.

Each kit comes with several outline transfer designs (some images have small, medium and large versions). Iron the reusable transfer(s) on to fabric or paper, color in the outlined image with the markers, air dry, add detailing with the black fineliner and permanently heat set the design by simply ironing over the artwork. The professional-quality markers produce dramatic, long-lasting color on all natural and synthetic fibers, including paper.

Tee Juice Fabric Art Marker Kits are an extension of Jacquard Products' popular Tee Juice Fabric Art Marker line, long a favorite of students and discerning artists.

Also available for individual purchase, the full line of markers includes 8 colors (yellow, orange, red, purple, blue, green, brown and black) in 3 different sizes: Broad Tip, Medium Point and Fineliner.

These exceptionally versatile markers can be used to create designs on: T-shirts, baby/children's/adult clothing, shoes, bedding, table linens, cloth/canvas bags, backpacks, lamp shades and many other applications.

Tee Juice Art Marker Kit: TATTOO SET

\$14.99 ■ Ages 8+
