## NEW 4oz Piñata Colors Rack with 3 Exciting New Colors!

Healdsburg, CA (October 23, 2017)

Jacquard's [Piñata Alcohol Ink](#) line has grown, and the entire 4oz assortment is now available on a beautiful new rack display!

When Jacquard launched Piñata Colors back in 2002, alcohol inks were virtually unheard of. Since then, this unique category has become tremendously popular, especially with artists working on non-porous surfaces like ceramic, Yupo, metal, glass, plastic, stone, leather, polymer clay and more.

For the serious artist or craftsperson, half ounce bottles just aren't enough! That is why **Jacquard is offering a [new display](#) of 4oz inks!**

And with this new assortment, **Jacquard is excited to launch three new metallic colors: Brass, Copper and Pearl!** Brass and Copper are stunningly reflective colors made from genuine metal pigments (just like the super popular Silver and Rich Gold). The metallic white Pearl is made with super reflective mica pigment and is terrific for mixing with the original dye-based inks to create entire new palettes of pearlescent colors. These three new colors are opaque, lightfast and shine with unparalleled luster.

*TOP: 034 Copper & 035 Brass, BOTTOM: 036 Pearl on colors*
