## Fabric Formations

### *Jacquard's New Fabric Sculpting Medium*

Healdsburg, CA (July 2012) - In recent years, with products like Piñata Alcohol Inks and Jacquard Professional Screen Printing Ink, Jacquard has attempted to break out of the textile niche we have always occupied. Fabric remains our specialty, however, and we are extremely excited to announce our latest fabric-related product: Jacquard's Fabric Sculpting Medium!

Jacquard's [Fabric Sculpting Medium](#) hardens all fabrics. It is ideal for fabric sculptures, lamp shades, collages, mixed media and more! Simply saturate the fabric with the medium, drape, wrap or lay the material around a wire figure, armature or object and allow it to dry. Jacquard's Fabric Sculpting Medium dries fast but slowly enough to allow plenty of open working time. It may also be used as a fabric glue.

#### **Fabric Sculpting Medium**

Item CHM2200 • \$21.59 MSRP

16 fl oz/.47 L jar

#### **About Jacquard Products**

Rupert, Gibbon & Spider, Inc., manufacturers of Jacquard Products, has been producing high-quality textile art supplies for almost 30 years. Jacquard's product lines include: fabric paints, dyes, screen inks, pigment powders, fabric art markers, chemicals, waxes and superior-quality craft kits. All of Jacquard Products' dyes and paints are made in the U.S.A.
