NEW Metallic Calligraphy Set with Pearl Ex and Gum Arabic

Healdsburg, CA (July 2015)

Calligraphers are discovering Pearl Ex Powdered Pigments! The complete Pearl Ex line is available in 40 metallic/pearlescent colors. For Calligraphers, with whom metallic colors have always been a staple (especially for wedding invitations, announcements, etc.), that makes for a practically unlimited metallic palette!

Jacquard's new 9-color Metallic Calligraphy Set is the perfect introduction to making custom, reflective ink. It's easy--just mix Pearl Ex and Gum Arabic with a little water. Create ink that stands up and has a raised texture or ink that has no profile and lies flat on the paper. Either way, it will shimmer and shine! Instructions are included in the set as well as a short list of nibs that work well with Pearl Ex.
