Two-Tone Shimmer

NEW Duo Green-Purple & Duo Violet-Brass Pearl Ex

Healdsburg, CA (September 2012) - Jacquard Products is excited to announce two new duo colors in our popular Pearl Ex Powered Pigments line! These exciting new colors will replace the two duo colors we were forced to discontinue when their components ceased to be available. **Duo Green-Purple #692** will replace discontinued Duo Blue-Green # 681 and **Duo Violet-Brass #693** will replace discontinued Duo Green-Yellow #682. Pearl Ex duo colors display amazing two-tone qualities, depending on the angle of the light and the color of the background.

This line of pigments is our most versatile product! Jacquard Pearl Ex is a safe, non-toxic, inert powdered pigment that exhibits extreme colorfastness and stability, ideal for interior and archival applications. It has a use for every artist, from watercolorist to auto painter, faux finisher to rubber stamper. Try Pearl Ex mixed with Jacquard Gum Arabic or Pearl Ex Varnish for applying to most surfaces. It can also be mixed with other artist mediums, oils, acrylics and polymer clay or spread dry on porous surfaces.
