**Section VI: Handling and Storage**

Always practice good industrial hygiene when using glitter products: avoid contact with hands and mouth, use safety glasses, dust mask and protective clothing as needed.

Store in a dry area, away from excessive heat or sources of ignition.

If spilled, sweep up and place in proper container for disposal.

**Section VII: Physical and Chemical Properties**

Appearance: Various colored geometric shapes or fine particulates.

Odor: Mild

Boiling Point: Not Established

Melting Point: Product softens gradually over a wide temperature range.

Vapor Press: Negligible

Specific Gravity: Greater than 1.0

Water Solubility: Less than 1.0%

pH: No Data

### **Section VIII: Stability and Reactivity**

Stability: Product is stable under normal atmospheric conditions.

Reactivity: Avoid contact with acids, alkalis, and strong oxidizing agents.

### **Section IX: Toxicology Information**

These products are not considered to be hazardous under normal conditions of use; if inhaled or ingested there are no known adverse effects to be expected, however, in the event of accidental exposure, always seek medical attention.

### **Section X: Environmental Information**

These products are not expected to produce any adverse environmental effects.

### **Section XI: Transportation**

US DOT Hazard Class: Not regulated

### **Section XII: Disposal**

Landfill or incinerate in accordance with federal, state, or local requirements.

### **Section XIII: Regulatory Information**

SARA: Products do not contain toxic chemicals for routine reporting under Title III

Section 313 (40 CFR 372 Community Right to Know)

TSCA: All components of these products are listed or excluded from listing.

### **Section XIV: Other Information**

The information and recommendations contained herein are believed to be accurate and given in good faith; Rupert Gibbon & Spider, Inc. makes no warranty, either express or implied, including fitness and merchantability. Users should consider this data only as a supplement to other information available from all sources, and should incorporate these into programs for the proper use and disposal of these materials and the health and safety of employees and customers.
